

Hello again,

Just to reiterate, my name is Lia Ferrante and I am from the non-profit Housing and Community Development Network of New Jersey. In collaboration with NJ Department of Community Affairs we are hosting a housing resource fair particularly for those impacted by Sandy but open to all in insecure housing. I have attached a flyer, and the information in text-based form. Any dissemination of this information would be much appreciated.

I am happy to answer any comments or questions you have.

Have a great week,

Lia Ferrante
